QUICK-SERV DISPENSER

INTRODUCING EMPRESS QUICK-SERV INTERFOLD NAPKINS!

- Our Quick-Serv Interfold Napkins are more sanitary than other dispenser napkins as the patron only touches the napkin and not the dispenser. This prevents cross contamination.
- The one-at-a-time napkin dispensing helps reduce the amount of napkins used by up to 25% (over other dispenser napkins). This reduces waste and controls costs.
- The 2-ply construction of our Quick-Serv Napkins are stronger than most 1-ply Interfold napkins.
- 100% recycled to help save the environment one napkin at a time.
